1. NATURE OF OPERATIONS

Atlas Salt Inc. (previously Red Moon Resources Inc.) (the “Company”) is a junior minerals exploration company engaged in the acquisition, evaluation, and exploration of mineral properties in Newfoundland and Labrador. The Company’s immediate objectives are to define and develop a high-quality industrial mineral project. The Company plans to ultimately develop properties as joint ventures, bring them into production, option, or lease properties to third parties, or sell the properties outright. As commercial viability of the Company’s projects has not yet been established, the Company is considered to be in the exploration stage.

The Company was formed on June 15, 2011 under the Alberta Business Corporations Act and was listed on the TSX Venture Exchange on August 17, 2012. Prior to its listing on the TSX Venture Exchange, the Company was inactive. Its registered address is 333 Duckworth Street, St. John’s, NL A1C 1G9. On March 11, 2020, the World Health Organization declared a pandemic following the emergence and rapid spread of a novel strain of coronavirus (“COVID-19”). The continued spread of COVID-19 and the actions being taken by governments, businesses and individuals may adversely impact the Company’s operations and its financial results. This has resulted in significant economic uncertainty, of which the potential impact on the Company’s future financial results is difficult to reliably measure.
